Re: Closure of South Valley Station
811 South Main Street
Yerington, Nevada 89447

POSTAL REGULATORY
COMMISSION
OFFICE OF THE SECRETARY

My question is WHY would you consider closing our South Valley Station in Yerington Nevada?

WHY would you choose to close the newer Post Office that serves many people in this rural area?

WHY would you choose to close a Post Office that still has a long-term lease due on the building and pay a monthly fee for a vacant building? Now that does not make for good economics, dollar for dollar. About all you would save, is on the gas, electric, and a Flag.

WHY would you move us all back to the smaller over crowded Post Office that does not have enough parking, has stairs and no thought of the handicap people in town?

WHY would you close our South Valley Post Office on State Route 208 in Yerington, Nevada when this is the "county seat"?

WHY would you choose to close our South Valley Post Office when in fact the population (800+ new residences) will be growing due to the new business coming to our town, and promise of another two large business coming to the area?

Would you please reconsider and keep both of them open. Maybe you should close a Post Office in Las Vegas, Harry gets his mail in Washington, D.C.....

Respectfully,
